

## Audited Statements 2007

Along with our regular financial statements, we are posting the audited statements of Central Church, Inc. and Central Ministries, Inc.

Central Church's fiscal year ends on September 30, and Central Ministries' (the legal corporation for Central Day School and The Crosswalk) ends on June 30. The two organizations are separately audited and then in accordance with the Evangelical Council of Financial Accountability, the auditors prepare a combined statement to present the overall financial picture of the church and our affiliated ministries. These statements are then presented to the ECFA along with the renewal of our membership for their evaluation.

As indicated by our ongoing financial information, the church is in a very solid financial position. We praise the Lord for His faithfulness as we seek to fulfill the ministry of making disciples and becoming a loving family passionately sharing the life-changing truth of Jesus Christ.
